Resources Needed (budget, volunteers, materials, etc.): A roster with the name of volunteers who will call newcomers. A city-wide list or area list of newcomers would be helpful so other members can participate and then post on our website.

Implementation Process (including length of time for planning and implementation): Meet at our intergroup and set up volunteers or a committee so that every group takes on the responsibility of taking the phone number of the newcomers and making the calls. This person/people can be rotated on a weekly or monthly basis depending on what the group wants. Every group will have their own designated contact person, always having their number with their website. There isn't much management required just to insure follow through.

Results: Members return to meetings
