

ALL ABOUT CONFERENCE

Enhance your WSBC experience

Room Setup

Business Meeting Room:

- ▶ Arrive early, as the meetings start on time and you are to be in your seat before they begin.
 - ▶ Sit with the other delegates from your region.
 - ▶ The seating areas change from one session to the next, allowing everyone the opportunity to sit toward the front of the room at some time during Conference.
 - ▶ Before each meeting, a chart is posted on the outer doors to help you locate your seating area.
 - ▶ You must wear your delegate badge to all Conference meetings and workshops. The door monitor must be able to see your badge as you enter the business sessions.
- 

Business Meeting Room:

- ▶ At the front of the room are two podiums. These are where speakers stand when giving reports and during the debate portion of the meeting.
 - ▶ The pro microphone is on the right as you face the front of the room. The con microphone is on the left.
 - ▶ The center microphone is where members stand to ask questions of the chair, once they have cleared their question with the Center Mic Monitor.
- 

Center Microphone Monitor:

- ▶ Behind the center microphone is where the Center Microphone Monitor (CMM) sits.
 - ▶ The CMM helps manage the flow of delegate questions. This person is knowledgeable in the policies and procedures of OA as well as with *Robert's Rules of Order*.
 - ▶ The CMM raises a sign to let the chair know what type of question is about to be asked.
 - ▶ Wait to be recognized by the chair before moving to the center microphone.

See Presentation 06 for more information.

Staff Area:

- ▶ The World Service Office staff sit in an area to the left of the center platform, as you face the front of the room.
 - ▶ Do not approach the staff directly during the business sessions.
 - ▶ They are working on the administrative and technical aspects of the Conference.
 - ▶ While they are also present to answer questions on items where specific information is required, these questions go through the chair.

Microphone Etiquette:

- ▶ Approach the Center Mic Monitor (CMM) before going to the center microphone. Only go to the center microphone if the CMM instructs you to do so.
- ▶ Raise or lower the microphone stand to be level with your mouth. There will be a volunteer available to assist you.
- ▶ Speak directly into the microphone.
- ▶ Never blow, touch, or tap on the microphone.
- ▶ Do not turn the microphone downward.
- ▶ Do not turn your head to the side when using a stand microphone.
